### **Scotland V Italy 6 Nations Match**

On Saturday the 9<sup>th</sup> of February, 7 cadets from 870(Dreghorn) SQN were given the chance to help with the pre-match entertainment at the Scotland v Italy 6 Nations match at Murrayfield Stadium, Edinburgh.

Most of the cadets helping, including myself, were given the task of holding the large Scotland flag behind the teams during the national anthems. The other cadets were given the task of holding smaller Scotland flags lining the tunnel which the players and Princess Anne would pass through.

It was an amazing experiencing the atmosphere in the stadium before the game and it almost made up for the cold. It also put into perspective how big the players are. Scotland has finally won a game! I think we all enjoyed the day!

### **Netball Competition**

On Sunday the 3<sup>rd</sup> of February, it was the netball competition for the girls. We came 4<sup>th</sup> but because the team that was 3<sup>rd</sup> and 2<sup>nd</sup> were composite teams, we got the 2<sup>nd</sup> place trophy. We all enjoyed playing netball together and we all played really well. One of the games we enjoyed the most was the very last one because we were all working together really well. Cdt Z Spence, A Spence and Cdt Duncan-Lloyd got picked for the wing team.

### **Music Weekend**

On the weekend of the 25<sup>th</sup> to the 27<sup>th</sup> of Feb, I took part in a music development course with north region ATC music services. During the weekend we took part in an introduction to conducting course as well as a basic drumming course. Throughout the weekend we were also taught the opportunities for ATC bands and how to get things going. I chose to go on the band masters course because I am hoping to create a music service within South East Scotland Wing as there is so much potential. Thanks to this course I know now what I can achieve with ACO music and how to achieve it!
